

4th Clinical Research Coordinator(CRC) Professional Training

Date: October 20 - December 15, 2021
Register Now! Limited space available.

Do not miss this unique development opportunity!

A comprehensive introduction to clinical research and clinical research coordinator's(CRC) functions training with a strong emphasis on practical hands-on case studies and role playing, plus an experiential component at one of Puerto Rico Consortium for Clinical Investigation (PRCCI) member sites.

This is the 4th CRC professional training offered by PRCCI in the last two years to address the emerging demand for trained resources to join the clinical investigation ecosystem. As of now over 80 local science students, healthcare professionals and others have successfully completed this CRC course.

About PRCCI: Puerto Rico Consortium for Clinical Investigation (PRCCI), is a not-for-profit network of over 29 top performing research sites in Puerto Rico and the Caribbean. We enhance clinical research speed and quality by driving performance and efficiencies in research sites, leveraging strategic partnerships and by establishing world-class capabilities. PRCCI is a subsidiary of the PR Science, Technology and Research Trust.

- opportunity to visit one of PRCCI clinical research network sites and enrich your virtual training experience while meeting with researchers at work and gaining first-hand information.
- training sessions will be recorded for participants' review and preparation for final test
