

# PRCCI

Puerto Rico Consortium  
for Clinical Investigation

*Innovation • Investigation • Well-being*

Established in 2016 as a non-profit organization, the Puerto Rico Consortium for Clinical Investigation (PRCCI) has created and developed the largest network of top academic and private research sites in Puerto Rico. We work in strong partnership with the wider clinical investigation ecosystem to promote the island's positioning as a preferred location for clinical investigation increasing diversity and inclusion in clinical trials.

Services

Consortium

## Vision

Become the preferred partner for the implementation of clinical trials in Hispanics.

## Mission

To promote and expand clinical research activities in Puerto Rico:

- Optimizing the quality and speed of execution
- Leveraging strategic partnerships
- Establishing best practices to conduct clinical trials
- Building capacity and creating new job opportunities
- Educating patients, sponsors, and research professionals

These combined efforts result in a direct and indirect impact in inclusion of Hispanics in clinical trials.

## About Us

- Highly qualified investigators with Board Certifications
- Quality validated sites
- Resilient sites with solid experience equipped to continue operations during natural disasters
- Access to a minority population exposed to participating in clinical research trials
- Phase I-IV clinical trial capabilities

**25+** Clinical research sites

**100+** Clinical trials

**100+** Clinical investigators

**500+** Patient lives impacted

## Therapeutic Areas

PRCCI has experience in a wide and diverse range of therapeutic areas. These areas include, but are not limited to the following:

RESPIRATORY  
DISEASES

VACCINES

RHEUMATOLOGY

CARDIOLOGY  
/VASCULAR

INFECTIOUS  
DISEASES / HIV

ONCOLOGY/  
HEMATOLOGY

GENE AND  
CELL THERAPY

NEUROLOGY  
/ PSYCHIATRY

OPHTHALMOLOGY

DERMATOLOGY

## Proud to be part of Puerto Rico's Clinical Investigation Ecosystem

We are proud to be part of this talented and committed group of professionals that along with PRCCI have demonstrated Puerto Rico's clinical investigation ecosystem's resiliency in coping with natural disasters that have impacted the island, ranging from hurricanes and earthquakes, to the challenging COVID-19 pandemic.

## PRCCI is actively involved in...

### For Sponsor and CROs

Clinical trials' funding: Approximately 82% of funds come from Pharma industry and other private sector organizations. (Source: [www.clinicaltrials.gov](http://www.clinicaltrials.gov))

**PRCCI can reduce trial timelines and costs and lead to more efficient and accurate trial results through a full range of services, including:**

- One-stop access to an experienced network of investigators
- A single point of contact for quick and efficient study start-up
- Documentation preparation (Informed Consent Forms, recruitment materials, contracts, legal agreements, etc.)
- Timely and effective implementation of recruitment and retention strategies
- Monitoring
- Identifying and/or managing investigators and sub-investigators
- Managing and fulfilling staff requirements and recruitment
- Preparing Institutional Review Board (IRB) submissions
- Assisting with trial startup, site initiation, and closeout operations
- Managing revenue cycle

**All this in compliance with the FDA diversity inclusion in clinical trials mandate.**

### For Patients

**Offering patients access to innovative treatments through clinical trials. We are focused on promoting Puerto Rico-based patients' well-being by:**

- Collaborating with patient advocacy groups
- Expanding medical and clinical investigation education
- Facilitating access to innovative treatments

### For Sites

**By joining the PRCCI network we will work on your behalf to:**

- Promote your site, identify and secure clinical trials opportunities
- Conduct budget and contract negotiations
- Help you increase access to clinical trials in diverse therapeutics areas
- Monitor and improve your quality processes, and more
